

LAKE COUNTY ENGINEERING INTERNSHIP AND JOB FAIR TITLE SPONSOR

Welcome to HydraForce.

With a unique blend of customized design solutions and superior product performance, we're leading the way in manufacturing the highest quality hydraulic cartridge valves, manifolds and electro-hydraulic controls.

The HydraForce story began in 1985 when the company was founded near Chicago by several partners who saw the mobile equipment industry's need for quality hydraulic cartridge valves and manifolds delivered in a timely and responsive manner. They also saw the potential for engineering innovation and design flexibility offered by cost effective and space-saving cartridge valves and hydraulic integrated circuits.

Since its founding, HydraForce continues to be a privately held company as it has grown to several manufacturing locations in North

To maintain the company's core competency of speed to market, HydraForce has invested in application technical support tools including i-Design, their free hydraulic system design software, which integrates seamlessly with 3rd party simulation software, monthly webinars on new products and application tips, and an online product catalog.

HydraForce's Vision Statement:

To Be An Independent Provider Of Innovative Technical Solutions That Can Change The World

If you are looking for a career, not a job, or a paid summer internship then look no further than HydraForce! Named as the 2018 winner of the Best and Brightest Places to Work in IL, and winner of Lake County's Talent Innovator Award of 2018.

LAKE COUNTY ENGINEERING INTERNSHIP AND JOB FAIR

Friday, January 3 from 1-3:30 p.m.

College of Lake County, 19351 W. Washington St., Grayslake, IL

Gainful employment data is available at www.clcillinois.edu/gainfulemployment.

The College of Lake County is an Equal Opportunity Employer meeting Title IX requirements. www.clcillinois.edu/nondiscrimination

We hope your visit with employers today will be both pleasant and productive.

Plan your employer visits.

Look over the employers listed in this booklet. Pick out those you would most like to see and make note of the opportunities available. Even if you would like to, you will likely not have time to meet with every employer.

Be positive, pleasant and patient.

There are many job seekers here today, and everyone wants to meet with the companies that offer the most opportunities. Employers want to give everyone the opportunity to present their credentials.

To help present yourself:

- Prepare a one-minute summary of your qualifications as an introduction. Start your delivery with a smile and a handshake.
- Highlight your interests for employers and let them know how your skills and experience can meet their needs.
- Ask questions of the representatives so you learn what you need to know about employment with the company. Jot down their answers and your thoughts.
- After you had your turn, thank the representative for their time and leave your resume.

Good luck to you in your job search.

THANK YOU TO OUR EVENT SPONSORS
